S/CST Contribution to OCI Periodic Requirements List (PRL) for the European Satellites for the period 1 Jan - 30 April 1959

1. The following items are submitted for inclusion in the PRL

a. USSR, Construction

Retain item from S/CST in previous OPR submission.

Add the following:

Recent information indicates 9,000 kilometers of new railroad lines will be built in the 1959-65 period. (U) Information is desired on plans for any new line construction not included in the original Sixth Five Year Plan. (U)

Any reports of the construction of guided missile launching installations or site descriptions would be of great value. Information needed includes: construction details, overall plans, construction organizations, and materials inputs.

b. East Germany

Add:

Recent reports indicate that the East German role in the construction of the Oder-Damibe canal may be confined to improvement of navigation on the Oder and to the supply of some needed machinery. (S) What will be the extent and cost of East German participation in this project? Please report any changes in the plan outlined above and details of the plan as they appear.

c. Hungary

Add:

In view of the serious housing shortage, Hungarian officials have recently stressed the role of private housing construction. (OFF USE) What is the current proportion of housing constructed by private enterprise? Is this share expected to increase in the current and future plan periods? (OOO)

SUBJECT: Contribution to CCI Periodic Requirements List (PRL)

d. Soviet Bloc, Military

Add new paragraph entitled Soviet Bloc Civil
Defense Drills:

1. Developing civil defense in Sovbloc has been
highlighted by city and area alerts in last two years. (C)
